Unit tests:
- C#: use MSTest
- Cli app: use pytest

Code Coverage:
- Coverlet
- ReportGenerator

Testing plan:
- FileUtils
    - Test getLyrics()
    - Test getWordsList
    - Test getCmuDict
    - Test getPlainSyllableDict
    - For the above, test input, null input, and that correct functionality occurs
- RhymeUtils
    - Integration test the entire process of color coding rhyme schemes
- app.py
    - Unit test json to markdown
    - Unit test custom widgets (Textual)
